Model with working width of 505 mm and low rotation speed 154 rpm. A larger working track for satisfying the needs when the usual 17" is not large enough. Model L22 is equipped with the 3 HP power remarkable motor, allowing its use in super-professional fields. Very strong induction motor for long lifetime and great performances. Double protection against unintentional start. Satellite and planetary gearbox for high power transmission, long lifetime and low noise level. Handle of last generation, result of a perfect synthesis among great sturdiness, ergonomics, safety and innovative design.
